

Snow socks are a good alternative to snow chains. They can easily be installed over the driving wheels of vehicles that need extra grip on ice or snow. All snow socks are sold as a set of 2.

Benefits:

- Economical
- Easy to install within 5 minutes
- Reusable and easy to clean
- No need to remove when driving indoors for a short period
- Light and easy to store
- High performance

AutoSock for fork lifts

Most fork lifts have smooth tyres and lose traction even in light snow. Here's the solution!

Tyre Size	Code
18 x 7-8	AF12
6.00 x 9	AF16
6.50 x 10	AF16
7.00 x 12	AF20
8.15 x 15	AF24
28 x 9-15	AF24
8.25 x 15	AF28
355/65 - R15	AF32
